### **DETAILED ACTION**

This Office action is responsive to communication received 10/28/2005 –  
Amendment.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Claims 1, 3, 4, 6 and 8-11 are allowable over the prior art references of record because it would not have been obvious to modify any of the prior art devices of record to include the combination of thicknesses set forth for the insert, face plate and indented portion, along with the structure set forth for the club head body, insert and face plate, as now claimed. The newly cited prior art to Heene shows a putter-style club head along with an insert having a specific thickness, but fails to show, suggest or otherwise render obvious the inclusion of an insert, face plate and indented portion having the claimed dimensions when combined with the remaining structure of the head.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Applicant's comments with respect to the deficiency in the IDS, submitted 05/19/2004, are acknowledged. The attached FORM PTO-892 includes the citation to Hettinger (U.S. Patent D441042), which serves as an indication that this reference has been considered.
